Who we are.

Sushant Group is a Dharwad production house — large-format printing, signage and fabrication at its flagship, with corporate mobility, owned-fleet freight, property development and a WhatsApp-first B2C print arm alongside. Run from one address, by one accountable team.

We started in 1998 with one press and a phone line in Dharwad. Twenty-eight years later, the press has grown into a **20,000+ sq ft production floor**, and the work shipped from it sits on walls, buildings, vehicles, exhibitions and campuses across Karnataka, Goa and Kerala.

The name most people still recognise is **Sushant Industries** — the printing, signage and fabrication flagship. Around it, four siblings share the discipline of the print shop: **Travels** moves people on the routes we know, **Logistics** moves freight on schedule, **Builders** buys, builds and sells property with the paperwork in order, and **Remprint** brings premium B2C print to WhatsApp.

A Karnataka-registered group under second-generation, owner-led management — professionally run across operations, projects, finance and quality, with the promoter family close to every engagement. **Five businesses, one group, one phone you can call.**

ON PERMANENT ROLLS

100+

corporate clients
TATA • PEPSI • LG

3

states, own crews
KA • GOA • KERALA

Five businesses, one group.

Each runs on its own owned assets and named contact — no rentals, no sub-contracted accountability — sharing one operating discipline: quote what's buildable, report daily, hand over in writing.

01

FLAGSHIP • SINCE 1998

Sushant Industries

Large-format print, signage, fabrication and install — designed, produced and installed in-house.

20,000 sq ft plant • 6 print platforms
